

PROCEDURE 514 – STUDENTS – BULLYING PROHIBITION

I. Definitions

- A. “Bullying” means intimidating, threatening, abusive, or harming conduct that is objectively offensive and:
1. an actual or perceived imbalance of power exists between the student engaging in the prohibited conduct and the target of the prohibited conduct, and the conduct is repeated or forms a pattern; or
 2. materially and substantially interferes with a student’s educational opportunities or performance or ability to participate in school functions or activities or receive school benefits, services, or privileges.

The term, “bullying,” specifically includes cyberbullying as defined in this policy.

- B. “Cyberbullying” means bullying using technology or other electronic communication including, but not limited to, a transfer of a sign, signal, writing, image, sound, or data, including a post on a social network Internet website or forum, transmitted through a computer, cell phone, or other electronic device. The term applies to prohibited conduct which occurs on school premises, on school district property, at school functions or activities, on school transportation, or on school computers, networks, forums, and mailing lists, or off school premises to the extent that it substantially and materially disrupts student learning or the school environment.
- C. “Immediately” means as soon as possible but in no event longer than 24 hours.
- D. “Intimidating, threatening, abusive, or harming conduct” means, but is not limited to, conduct that does the following:
1. Causes physical harm to a student or a student’s property or causes a student to be in reasonable fear of harm to person or property;
 2. Under Minnesota common law, violates a student’s reasonable expectation of privacy, defames a student, or constitutes intentional infliction of emotional distress against a student; or
 3. Is directed at any student or students, including those based on a person’s actual or perceived race, ethnicity, color, creed, religion, national origin, immigration status, sex, marital status, familial status, socioeconomic status, physical appearance, sexual orientation including gender identity and expression, academic status related to student performance, disability, or status with regard to public assistance, age, or any additional characteristic defined in the Minnesota Human Rights Act (MHRA).

However, prohibited conduct need not be based on any particular characteristic defined in this paragraph or the MHRA.

- E. "On school premises, on school district property, at school functions or activities, or on school transportation" means all school district buildings, school grounds, and school property or property immediately adjacent to school grounds, school bus stops, school buses, school vehicles, school contracted vehicles, or any other vehicles approved for school district purposes, the area of entrance or departure from school grounds, premises, or events, and all school-related functions, school-sponsored activities, events, or trips. School district property also may mean a student's walking route to or from school for purposes of attending school or school-related functions, activities, or events. While prohibiting bullying at these locations and events, the school district does not represent that it will provide supervision or assume liability at these locations and events.
- F. "Prohibited conduct" means bullying or cyberbullying as defined in this policy or retaliation or reprisal for asserting, alleging, reporting, or providing information about such conduct or knowingly making a false report about bullying.
- G. "Remedial response" means a measure to stop and correct prohibited conduct, prevent prohibited conduct from recurring, and protect, support, and intervene on behalf of a student who is the target or victim of prohibited conduct.
- H. "Student" means a student enrolled in a public school or a charter school.

II. Reporting Procedure

- A. Any person who believes he or she has been the victim of bullying or any person with knowledge or belief of conduct that may constitute bullying will report the alleged acts immediately to the building principal, site leader or the his or her designee. A student may report bullying anonymously; however, the school district's ability to take action against an alleged perpetrator based solely on an anonymous report may be limited.
- B. The school district encourages the reporting party to submit a written complaint of the bullying incident. Oral reports will be considered complaints.
- C. The building principal, site leader or his or her designee will ensure that this policy and its procedures, practices, consequences, and sanctions are fairly and fully implemented and shall serve as the primary contact on policy and procedural matters contained in Policy 514-Bullying Prohibition. The principal, site leader or his or her designee is responsible for investigation of any reports made in accordance with Policy 514. The principals, site leaders or designees will provide information about available community resources to the target or victim of the

bullying or other prohibited conduct, the perpetrator, and other affected individuals as appropriate.

- D. A teacher, school administrator, volunteer, contractor, or other school employee will be particularly alert to possible situations, circumstances, or events that might include bullying. Any such person who receives a report of, observes, or has other knowledge or belief of conduct that may constitute bullying will inform the building principal or designee immediately.
- E. Reports of bullying are classified as private educational and/or personnel data and/or confidential investigative data and will not be disclosed except as permitted by law. The building principal, site leader or his or her designee, in conjunction with the school district's responsible authority, is responsible for maintaining and regulating access to any report of bullying and the record of any resulting investigation.
- F. Submission of a good faith complaint or report of bullying will not affect the complainant's or reporter's future employment, grades, or work assignments, or educational or work environment. School district personnel who fail to inform the building principal or site leader or his or her designee of conduct that may constitute bullying, or other prohibited conduct or who fail to make reasonable efforts to address and resolve the bullying or prohibited conduct in a timely manner may be subject to disciplinary action or other appropriate sanctions.
- G. The school district will respect the privacy of the complainant(s), the individual(s) against whom the complaint is filed, and the witnesses as much as possible, consistent with the school district's obligation to investigate, take appropriate action, and comply with any legal disclosure obligations.

III. Investigation and School District Action

- A. Within three days of receipt of a complaint or report of bullying, the school district will undertake or authorize an investigation by school district officials.
- B. The school district may take immediate steps, at its discretion, to protect the complainant, reporter, students, or others pending completion of an investigation of bullying, consistent with applicable law.
- C. The alleged perpetrator of the bullying or other prohibited conduct will be allowed the opportunity to present a defense during the investigation or prior to the imposition of discipline or other remedial responses.
- D. Upon completion of the investigation, the school district will take appropriate action. Such action may include, but is not limited to, warning, suspension, exclusion, expulsion, transfer, remediation, termination, discharge or other

remedial response tailored to the particular incident and nature of the conduct and the student's developmental age and behavioral history. Disciplinary consequences will be sufficiently severe to try to deter violations and to appropriately discipline prohibited behavior. School district action taken for violation of this policy will be consistent with the Minnesota Pupil Fair Dismissal Act, school district policies, and regulations.

- E. The school district is not authorized to disclose to a victim private educational or personnel data regarding an alleged perpetrator who is a student, contractor, volunteer, or employee of the school district. School officials will notify the parent(s) or guardian(s), if deemed appropriate, of students involved in a bullying incident and the remedial action taken, to the extent permitted by law, based on a confirmed report.
- F. In order to prevent or respond to bullying or other prohibited conduct committed by or directed against a student with a disability, the school district will, when determined appropriate by the student's individualized education program (IEP) team or Section 504 team, allow the student's IEP or Section 504 plan to be drafted to address the skills and proficiencies the student needs as a result of the student's disability to allow the student to respond to or not to engage in bullying or other prohibited conduct.

IV. Retaliation or Reprisal

The school district will discipline any individual who retaliates against any person who reports, testifies, assists or participates in any manner in any investigation, proceeding or hearing related to bullying. Retaliation includes, but is not limited to, intimidation, reprisal, bullying or harassment.

V. Training and Education

- A. The superintendent or his or her designee will provide appropriate training to school district personnel to prevent, identify, and respond to prohibited conduct.
- B. The school district will provide ongoing training to build skills of all school personnel who regularly interact with students to identify, prevent, and appropriately address bullying and other prohibited conduct. School personnel who will be trained include but are not limited to educators, administrators, school counselors, social workers, psychologists, other school mental health professionals, school nurses, cafeteria workers, custodians, bus drivers, athletic coaches, extracurricular activities advisors, and paraprofessionals.

VI. Notification

The school district will give annual notice of this policy to students, parents or guardians, and staff, and this policy will be referenced in the student handbook. Policy 514 – Bullying Prohibition or a summary thereof will be conspicuously posted in the administrative offices of the school district and each school site.
